👤 PROFILE

Graduated from an IT application technician school , i am glad getting started my journey as searching for a coding related job . Looking for my first ever job in which i will gain knowledge and develop my skills in building/maintaining websites! I have been also passing my time building some projects , which u can see further down , which have been also helped me a lot by understanding many things that i was lacking.

🎓 EDUCATION

IT application technician, Public Vocational Training Institutes, Athens, Athens
October 2020 — June 2022

English Language Certificate B2 ,C2, UNIVERSITY OF MICHIGAN

HTML & JAVASCRIPT, National and Kapodistrian University of Athens - E-Learning University of Athens
